WEST PLAINS Gazette: "The safe in the office of the Dunklin Democrat at Kennett was recently robbed. Perhaps the newspaper publishers in the swamp country who get such big fees for publishing drainage ditch notices have money to burn. We know that the fellows who do the county printing in the Ozarks have no funds to barn in the safe. About the only thing placed in the safe of a printing office in this section is the book of delinquent subscribers, to which the safe cracker is welcome."

THE spirit of the old Blue Law is abroad in the land. Over in West Virginia two men have been arrested and fined for digging potatoes on Sunday, and the case is now on appeal to the higher court. Up in Moberly, Missouri, a very self-righteous city council last week passed an ordinance prohibiting everybody from doing anything on Sunday-they call it "Sawbath," of course-even to opening a garage for the mending of a disabled auto. Moberly has three daily newspapers and the owners and managers were commanded to close their print shops at 12 o'clock Saturday night. Newsboys were forbidden delivering the Sunday paper. The newspapers treated the council's their business as usual, and were promptly arrested. Monday the court liberty rejoices.

THE question as to whether Hon. Walter L. Hensley will be a candidate earth. for re-election is put at rest by the following special from Washington, D. C., printed in last Monday's Re-

Representative Walter L. Hensley of Missouri announced to-day he will again be a candidate for the Democratic congressional nomination in the Thirteenth District. The announce-ment was made at this time at the urgent suggestion of Hensley's party colleagues in order to remove any doubt of the Farmington man's in-tentions. One of the most forceful speakers in the House, Hensley also is a warm supporter of the administra-tion on platform fundamentals. Like men of independent thought, he has at times advanced his own opinions. He differed with some of his associ-ates on the McLemore warning resolution recently, but is steadfastly up-nolding the President in sending the troops into Mexico. A speech delivered by Hensley last session on the accomplishments of the administra-tion was widely circulated by the Democratic National Campaign Committee, a million copies being printed at the suggestion of the then Majority Leader, Oscar Underwood.
